Castlestone FAANG+ UCITS Fund, a sub-fund of AQA UCITS Funds SICAV p.l.c.

This Sub-Fund is managed by AQA Capital Ltd, part of the AQA group of companies.

Objectives and Investment Policy

Investment Objective: The Castlestone FAANG+ UCITS Fund (the “Sub-Fund”) aims to generate capital growth mainly through exposure to the development, advancement and use of technology.

Investment Policy: The Investment Manager (“We”) are expected to invest mainly in listed equities and/or eligible ETFs (the underlying of which will be exchange traded equities). Exposure to these asset classes may be achieved both directly or indirectly through eligible UCITS funds having similar investment policies and objectives as those of the Sub-Fund. In aggregate, no more than 10% of the Sub-Fund’s assets will be invested in units or shares of UCITS, including those which are established as exchange traded funds. The Sub-Fund will not invest in funds managed by the Investment Manager. The Sub-Fund may also invest in writing (selling) covered call options in order to ensure efficient portfolio management.

The Sub-Fund will be invested in global technology equities and the world’s largest technology stocks which have been familiarised by the acronym “FAANG”. The Sub-Fund may however deviate from allocating assets to FAANG equities if this is deemed feasible for achieving the fund investment objectives. Up to 100% of the assets of the Sub-Fund may be invested in equities.

The Sub-Fund will invest in companies which should benefit from the development, advancement and use of technology and communication services and equipment. We will have no bias towards a particular market capitalisation but may be biased towards securities within the technology, communication, computer hardware and software, media and information services and semiconductors and semiconductor equipment sector. The Sub-Fund may be biased towards the United States of America.

The Sub-Fund may also make use of OTC currency forward for risk reduction purposes. Any costs related to these will be borne by the Sub-Fund itself. The underlying of OTC derivatives will be limited to currencies. OTC derivatives will be entered into with Approved Counterparties.

The Sub-Fund may hold cash and cash equivalent for cash management purposes pending investment in accordance with its investment policy and to meet operating expenses and redemption requests. The Sub-Fund is being actively managed.

Management Discretion: The Investment Manager has the discretion to buy and sell investments on behalf of the Sub-Fund within the limits of the Objective and Investment Policy.

Income: This Class is an accumulator class so the income from investments held for the Class will not be paid out as dividends. Instead, income will be re-invested and reflected in the value of the Shares. The Directors reserve the right to pay Dividends at any time if they consider that a payment of a Dividend is appropriate.

Buying and Selling Shares: You may buy and sell Class AA Shares (this “Class”) on each business day (Monday to Friday other than public and bank holidays in Malta) subject to certain cut off times.

Currency: The Class in the Sub-Fund is denominated in GBP.

Recommendation: This Sub-Fund may not be appropriate for investors who plan to withdraw money within less than 6 years.
