Class A USD Retail Shares - MT7000021788

AQA Unconstrained Fund, a sub-fund of AQA UCITS Funds SICAV p.l.c.

This Sub-Fund is managed by AQA Capital Limited, part of the AQA group of companies

Objectives and Investment Policy

Investment Objective: The AQA Unconstrained Fund (the “Sub-Fund”) aims to achieve an increase in long-term capital.

Investment Policy: The Investment Manager (“We”) shall invest in a diversified portfolio of equities, convertible securities like perpetuals and debt securities. The Sub-Fund shall primarily invest in a global diversified portfolio of corporate and government bonds (fixed and floating) and in equity securities.

We may invest in investment grade, sub-investment grade and unrated securities. To achieve its investment goal, the Sub-Fund may invest in equity-related, index related and fixed-income related ETFs and UCITS collective investment schemes. The Sub-Fund will however not invest in UCITS funds which have AQA Capital Limited as Investment Manager.

For defensive and temporary purposes, the Sub-Fund may hold cash and cash equivalents and invest in short-term fixed income instruments and money market funds. These securities may be held for cash management purposes, pending investment in accordance with its Investment Policy and to meet operating expenses and redemption requests.

To pursue our investment goal, the Sub-Fund may from time to time enter into numerous equity-related and fixed income related transactions involving derivative instruments, including futures, put and call options on equity securities, equity indices, credit indices, currencies and interest rates, both exchange-traded and OTC.

For hedging purposes, the Sub-Fund is also expected to invest in both

exchange-traded and OTC FDIs including currency forwards and ETFs. Any costs associated with these instruments shall be borne by the fund and payable to OTC FDI counterparties. These counterparties are not expected to be related to the Company and/or the Investment Manager. The Company may also enter into foreign exchange linked OTC FDIs with the Custodian.

The Sub-Fund will have no specific investment allocation, bond duration, market capitalization or geographical region or industry/sector.

Management Discretion: The Investment Manager has the discretion to buy and sell investments on behalf of the Sub-Fund within the limits of the Objective and Investment Policy.

Income: This Class is an accumulator class so the income from investments held for the Class will not be paid out as dividends. Instead, income will be re-invested and reflected in the value of the Shares. The Directors reserve the right to pay Dividends at any time if they consider that a payment of a Dividend is appropriate.

Buying and Selling Shares: You may buy and sell Class A USD Retail Shares (this “Class”) on the third Business Day of every calendar fortnight and/or such other day or days as the Directors may from time to time determine. Subscriptions are however only at discretion of the Investment Manager.

Currency: The Class in the Sub-Fund is denominated in USD.

Recommendation: This Sub-Fund may not be appropriate for investors who plan to withdraw money within less than 3 years.

Risk and Reward Profile

The above risk and reward indicator rates this Sub-Fund as category 3 meaning that the Sub-Fund offers a moderate risk of making a loss but also a moderate chance of making gains. It should be noted that even the lowest category on the indicator does not mean risk free. The historical data used in calculating the

Operational/Counterparty Risk – The Sub-Fund may be exposed to operational/counterparty risk following any delegation made by the Custodian.

Liquidity Risk- While the Sub-Fund shall generally invest in financial instruments which are sufficiently liquid, under certain circumstances these may also be exposed to low liquidity levels.

Credit Risk – Bonds or other debt securities held by the Sub-Fund involve credit risk due to the possibility of default by the issuer.

Financial Derivative Instrument Risk – The Manager may make use of

above synthetic risk and reward indicator may not be a reliable indication of the future risk profile of the Sub-Fund. This rating shown is not guaranteed and may change over time.

The Sub-Fund's rating reflects the nature of its investments and the corresponding risks to which the Fund is exposed. These risk factors, which include the risks listed below, may affect the value of the Sub-Fund's investments or expose the Sub-Fund to losses:

FDIs which can be highly volatile and expose investors to a high risk of loss.

More information regarding risks may be found in the "Risk Factors" section in the Company's Prospectus. The "Practical Information" below explains how you may obtain a free copy of the Prospectus and other useful information.
