WHO WE ARE

AQA Capital Ltd (“AQA Capital”) is an innovative and Independent European Asset Management Company.

Thanks to the multi-year experience of its staff, AQA Capital operates along the whole value-chain of investment services by providing:

- ▶ **Management company services** for UCITS Funds and AIFs being internally managed or white label funds and regardless of the fund jurisdiction
- ▶ **Asset management services** managing funds investing in a variety of asset classes with different liquidity and volatility profiles
- ▶ **Distribution of funds in Europe** both internally managed or third party managed funds
- ▶ **Wealth management services** with an open platform model developed to create tailor-made solutions and to obtain superior returns given the risk appetite of HNWIs and Family Offices

LEGAL OVERVIEW

Authorised under EU Directives

AQA Capital is an Asset Management Company authorised by the Malta Financial Services Authority (“MFSA”) as a full scope Alternative Investment Fund Manager in terms of the Directive 2011/61/EU and a UCITS manager in terms of the Directive 2009/65/EC as amended. AQA Capital holds a Category 2 investment services licence issued by the MFSA in terms of the Investment Services Act (chapter 370 of the laws of Malta).

AQA Capital can act as investment manager for both AIF and UCITS Funds and promotes these funds throughout the EEA. AQA Capital is also authorized to provide discretionary portfolio and investment advisory service to retail and professional clients.

MANAGEMENT COMPANY SERVICES

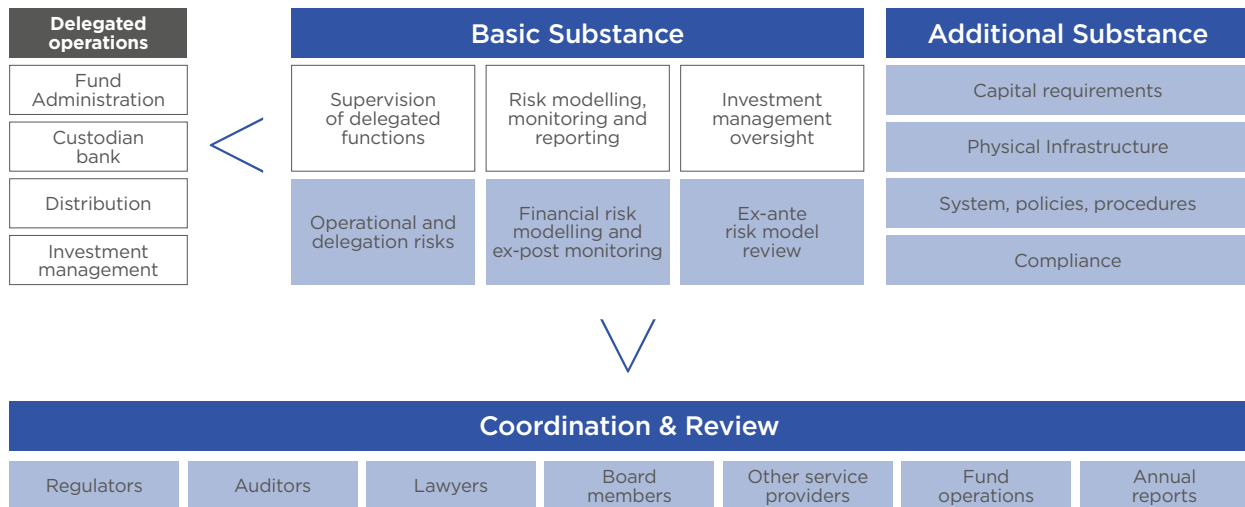

An economically viable management company for UCITS Funds and AIFs able to support clients from the idea through the fund's lifecycle

- ▶ AQA Capital provides management company services to Institutional and Individual clients regardless of the fund jurisdiction or asset class through operations in Malta and Italy and partnerships in Luxembourg and Ireland
- ▶ AQA Capital offers management company services to funds that are both internally managed or with white label solution
- ▶ Thanks to the expertise garnered from the staff's collective years in financial markets, AQA Capital is ready to operate on the entire value-chain so that clients can determine which of our skills best suits their personal financial needs

AQA Capital

- ▶ Provides substance required to a management company
- ▶ Supervises delegated operations
- ▶ Coordinates service providers

Partners can rely on our expertise at every single step:

- ▶ Structuring. We assist clients in assessing the feasibility and design of the optimal fund to suit their requirements
- ▶ On-boarding. We dedicate a project manager that coordinates the different stakeholders for a successful fund implementation
- ▶ Life-cycle management. We dedicate a “client officer” as a client’s point of contact once the fund is launched

WEALTH MANAGEMENT

Tailor made solutions to preserve and grow your wealth for the next generation

AQA Capital offers tailor made wealth management solutions by providing analysts and advisors who are wholeheartedly committed to optimize clients' portfolio performance.

Our goal is to protect investments and clients' wealth by creating multi-assets portfolios based on direct investments in stocks and bonds and in traditional and alternative funds with both liquid and illiquid strategies in order to attain the best returns given the clients' personal risk appetite.

AQA assists in the detection, quantification, monitoring and management of clients' risk exposure, with a complete investment and risk management process, risk limits and proprietary quantitative models.

Our copious effort in state of the art software goes hand-in-hand with the goal to create a truly personalized experience for our clients.

In a revolutionized market, where HNWI and UHNWI come from different jurisdictions and financial backgrounds, Malta has tapped in an economic hub and AQA Capital has used this to build a repertoire of clients and connections to expand on the growing market.

ASSET MANAGEMENT

Specifically structured
with investors' needs in mind
